All,

SUBJECT:

BACKGROUND: On 29 June 2011 DPAP added a new DFARS Subpart 212.71 to establish a pilot program for the acquisition of military-purpose nondevelopmental items from nontraditional defense contractors. The purpose of this pilot program is to assess whether it is feasible and advisable to acquire military-purpose nondevelopmental items from nontraditional defense contractors using the streamlined procedures applicable to commercial items. The new DFARS 212.71 subpart defines the requirements for contract awards under the pilot program and establishes an annual reporting requirement to assess the effectiveness of the pilot program.

POLICY:

a. Contracting Officers shall comply with DFARS 212.71 for the acquisition of military-purpose nondevelopmental items from nontraditional defense contractors.

b. Each MCFCS office shall complete an annual report titled "Annual Report for

the Pilot Program on Acquisition of Military Purpose Nondevelopmental Items" and submit the report to HQMC, I&L (Contracts) in accordance with the procedures identified below.

c. This policy is effective immediately and expires on 6 January, 2016, on which date the authority to carry out the pilot program expires.

PROCEDURES:

a. When acquiring military-purpose nondevelopmental items, consider procuring the items from nontraditional defense contractors in accordance with DFARS 212.71.

b. In order to comply with the reporting requirement at DFARS 212.7102-2, each MCFCS office shall complete the Annual Report for the Pilot Program on Acquisition of Military Purpose Nondevelopmental Items template available at DFARS PGI 212.7102-3(c) (also attached to this APM) and submit the report to HQMC, I&L (Contracts) by email no later than 15 October of each year.

c. HQMC, I&L (Contracts) will consolidate the reporting information in a single report and submit the report to DPAP no later than 31 October of each year, pursuant to DFARS 212.7102-2.

Please ensure this guidance is provided to all appropriate acquisition personnel.
