DASN(A&LM) Class
Dev 2010-000...

All,

BACKGROUND: The attached DASN memorandum of 22 April 2010 issued a deviation clause that:

a. Requires contractors to ensure that the facilities, infrastructure, and equipment acquired, constructed, installed, repaired, maintained or operated under contracts comply with United Facilities Criteria (UFC) 1-200-01 (or equivalent standards) for the following technical disciplines:

- (1) Fire protection;
- (2) Structural integrity;
- (3) Electrical systems;
- (4) Plumbing;
- (5) Water treatment;
- (6) Waste disposal;
- (7) Telecommunications networks;

b. Identifies the conditions in which contractors may apply a standard that is equivalent to or more stringent than UFC 1-200-01; and

c. Allows the combatant commander to waive compliance with any standards when it is impracticable to comply under prevailing operational conditions.

POLICY:

a. Insert attached deviation clause DFARS 252.246.9999, Safety of Facilities, Infrastructure, and Equipment for Military Operations (Deviation) (April 2010), in solicitations and contracts, including task and delivery orders, for construction, installation, repair, maintenance, or operation of facilities, infrastructure, or for equipment configured for occupancy, planned for use by DoD military or civilian personnel during military operations performed outside the United States, Guam, Puerto Rico, and the U.S. Virgin Islands.

b. This policy remains in effect until the clause is incorporated in the DFARS or otherwise rescinded.

PROCEDURES: Follow the above policy for inclusion of the attached deviation.

MEMORANDUM FOR DISTRIBUTION

SUBJECT: Class Deviation 2010-O0010, Safety of Facilities, Infrastructure, and Equipment for Military Operations

By the attached memorandum of April 15, 2010, the Director, Defense Procurement and Acquisition Policy authorized a class deviation that requires contracting officers to use a new DFARS clause, 252.246-9999 *Safety of Facilities, Infrastructure, and Equipment for Military Operations (Deviation) (April 2010)*, in solicitations and contracts (including task and delivery orders) for construction, installation, repair, maintenance, or operation of facilities, infrastructure, or for equipment configured for occupancy, planned for use by DoD military or civilian personnel during military operations performed outside the United States, Guam, Puerto Rico, and the U.S. Virgin Islands. This clause requires contractors to ensure that the facilities, infrastructure, and equipment acquired, constructed, installed, repaired, maintained or operated under contracts comply with United Facilities Criteria 1-200-01 (or equivalent standards) for seven specific technical disciplines, and identifies the conditions in which contractors may apply a standard equivalent to or more stringent than UFC 1-200-01. The class deviation also allows the combatant commander to waive compliance with any standards when it is impracticable to comply under prevailing operational conditions.

The class deviation is effective immediately until it is incorporated into the DFARS or is otherwise rescinded. My point of contact for this matter is Ms. Evelyn Ortiz, who is available at (703) 614-9640 or evelyn.ortiz@navy.mil.

SUBJECT: Class Deviation 2010-O0010, Safety of Facilities, Infrastructure, and
Equipment for Military Operations

Effective immediately, this class deviation requires that contracting officers shall use the attached clause in solicitations and contracts (including task and delivery orders) for construction, installation, repair, maintenance, or operation of facilities, infrastructure, or for equipment configured for occupancy, planned for use by DoD military or civilian personnel during military operations performed outside the United States, Guam, Puerto Rico, and the Virgin Islands.

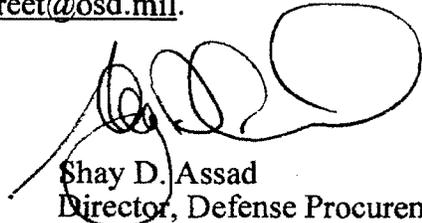

This deviation requires that subject contracts comply with the United Facilities Criteria standards, or equivalent, for the following:

- a. Fire protection.
- b. Structural integrity.
- c. Electrical systems.
- d. Plumbing.
- e. Water treatment.
- f. Waste disposal.
- g. Telecommunications networks.

DARS Deviation Tracking Number 2010-O0010

The combatant commander may waive compliance with any standards when it is impracticable to comply under prevailing operational conditions.

This deviation is effective until it is incorporated in the DFARS or otherwise rescinded. We intend to publish an interim DFARS rule under DFARS Case 2009-D029. Comments received on this deviation will be considered in the formulation of the final DFARS rule. My point of contact for this matter is Ms. Mary Overstreet, who may be reached at 703-602-0311 or mary.overstreet@osd.mil.

A handwritten signature in black ink, appearing to read 'Shay D. Assad', is written over the printed name and title.

Shay D. Assad
Director, Defense Procurement
and Acquisition Policy

Attachment:
As stated

Prescription:

Use the following clause in solicitations and contracts (including task and delivery orders) for construction, installation, repair, maintenance, or operation of facilities, infrastructure, or for equipment configured for occupancy, planned for use by DoD military or civilian personnel during military operations performed outside the United States, Guam, Puerto Rico, and the Virgin Islands.

Waiver:

The combatant commander may waive compliance with any standards when it is impracticable to comply under prevailing operational conditions.

252.246-9999 Safety of Facilities, Infrastructure, and Equipment for Military Operations (Deviation) (April 2010)

(a) *Definition.* "Discipline Working Group," as used in this clause, means representatives from the DoD Components, as defined in MIL-STD-3007F, who are responsible for the unification and maintenance of the Unified Facilities Criteria (UFC) documents for a particular discipline area.

(b) The Contractor shall ensure, consistent with the requirements of the applicable inspection clause in this contract, that the facilities, infrastructure, and equipment acquired, constructed, installed, repaired, maintained, or operated under this contract comply with United Facilities Criteria (UFC) 1-200-01 for---

- (1) Fire protection;
- (2) Structural integrity;
- (3) Electrical systems;
- (4) Plumbing;
- (5) Water treatment;
- (6) Waste disposal; and
- (7) Telecommunications networks.

(c) The Contractor may apply a standard equivalent to or more stringent than UFC 1-200-01 upon a written determination of the acceptability of the standard by the Contracting Officer with the concurrence of the relevant Discipline Working Group.

(End of clause)]
